THE APPRENTICESHIP LEVY

SO FAR...

Apprenticeship Levy Recap
What happened a year ago?

3 million
Government plans to close UK skills gaps through introducing 3 million, high quality new apprenticeships by 2020

6th April 2017
The Apprenticeship Levy was introduced for UK employers with an annual paybill of over £3 million

0.5%
of this annual paybill to be spent on apprenticeships within their business

What HAS happened since the Levy began

48%
of managers expect to see a rise in the number of new starts in the next 12 months

£18,000
Businesses are seeing £18,000 net productivity gain through a single apprentice - that’s not including the impact apprentices deliver once they have completed their apprenticeships

5,000 learners
There has been a rise in the number of management apprenticeships - 5,000 learners on programme in the last 12 months

50%
rise in apprenticeship starts on QA’s high quality apprenticeship programmes

125%
125% increase in the number of QA technology apprenticeships introduced over the last year

Changes to the levy since it began

10%
SME’s can now leverage up to 10% unspent Levy funds from larger businesses as of April 2018

24%
of SME’s say they would definitely consider apprenticeships from this Levy

53%
of Levy paying employers requested extra flexibility in how they spend funds to help close wider skills gaps

Helping empower SME’s to take advantage of apprenticeship opportunities

53%
of Levy paying employers plan to use their Levy fund to develop new apprenticeship programmes, or expand on an existing one

10% of leaders from the Department of Education stated the Levy is positive for business

The Apprenticeship Levy is working

Support for the Apprenticeship Levy is strong, 63% of Managers agree that it’s needed to increase employer investment in skills

53% of Levy paying employers plan to use their Levy fund to develop new apprenticeship programmes, or expand on an existing one

Employer consensus is that apprenticeships are a cost-effective, smart way of training someone in the exact skills you require for your business

HOW QA HAS HELPED

9 brand new technology apprenticeships launched in UK
Over 32 Levy discussion workshops held with industry employers
Over 350% increase in the number of apprentices placed on management programmes
